So, you've decided to become a Women World Changer Visionary; we are so excited to have you join us in the work God is doing! You are an integral part of the vision God has laid on the Women World Changers' hearts to have 1,000 women giving \$1,000 to change the lives of women and children worldwide for the Glory of God. This is an exciting opportunity to live as the hands and feet of Jesus. We are making a tangible difference in others' lives and at the same time, our own lives and hearts are transformed. You have not decided to join a group, but a movement & an adventure of a lifetime. As your heart breaks for the atrocities that make our Lord's heart ache, your life will never be the same. And, as you are able to take part in his amazing grace and redemption, you will never want to go back. So, prepare to be changed, as we change the world together. We are so excited to gain a sister, a friend, and a partner on this journey as we walk in the vision God has given. You can be as involved as you want - whether you make a donation once a year, volunteer to take on responsibilities to help us operate, or go into the ends of the earth with the incredible people you will meet here. You will be blessed, and you will bless others. Thank you for taking the first step today.

- Yes, I have decided to join this movement of love and become a Woman World Changer Visionary!
